1. Amended Award Conditions - Wind Assessment

***Award Conditions to the Financial Assistance Award
Between the Denali Commission and University of Alaska Fairbanks, Alaska
Center for Energy and Power
For Wind Assessment
Award No. 01285, Amendment 1
September 2011***

All changes to the award conditions are noted below.

1. Scope of Work

This amendment provides approval for a requested scope change to develop a ‘Best Practices Guide’ for isolated wind-diesel systems. The guide will detail which practices have been most prone to failure and which have shown to demonstrate the greatest success. It will serve as a defacto standard and would include information related to foundation design, turbine selection, energy storage, site selection, operation, permitting practices, recommended performance standards, and other topics. It will not be intended to be a proscriptive document to take the place of or act as required standards.

2. Award Performance Period

The amended Award performance period is May 1, 2010 through June 30, 2012. This is the period during which Award recipients can incur obligations or costs against this Award.

There are no other changes to the original Financial Assistance Award, as amended.
